

Date of Manufacture

The batch number indicates the date of manufacture in the form DDMMYY. The manufacture date can be found on labels or markings on the products as detailed below:

Duon Helmets

Inside rear of the helmet

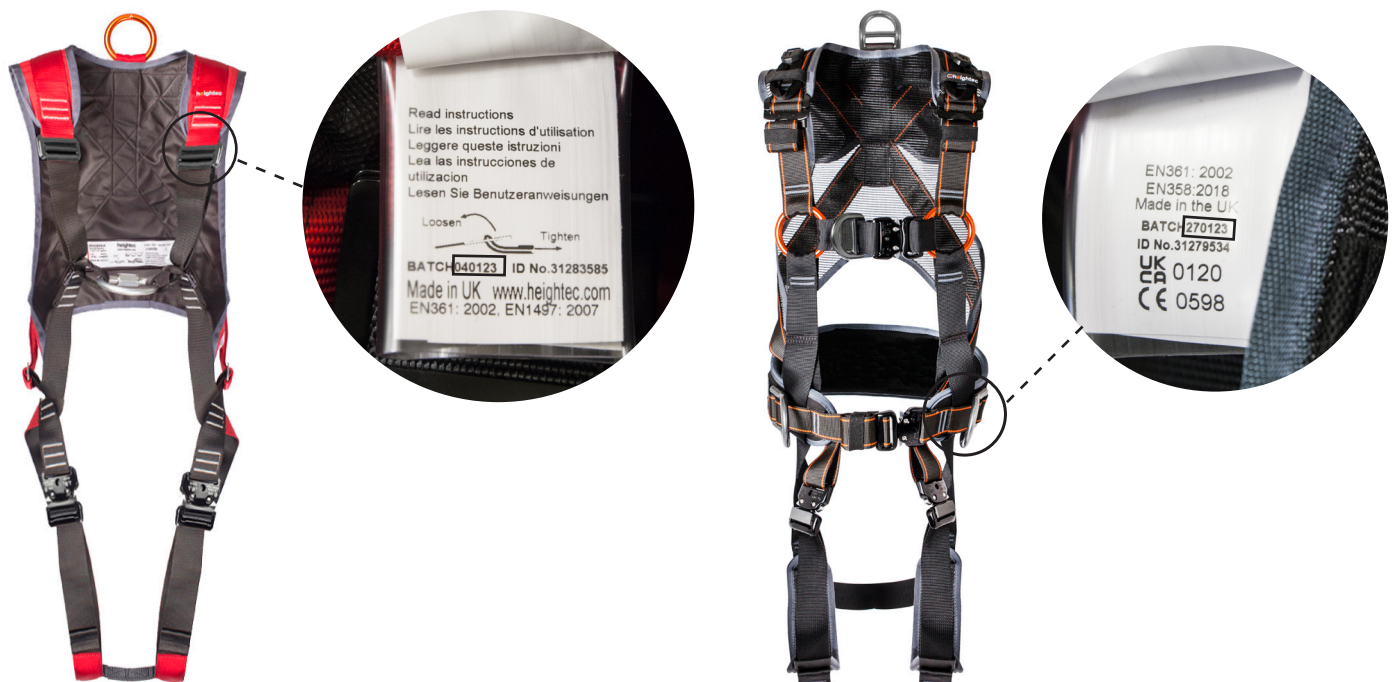

Rope devices / Pulleys

Manufactured date is laser etched, in most cases is found on the back of the device below the conformity.

Harnesses

Labels are either under the shoulder strap or waist band.

Lanyards

Batch number are on the absorbers of the lanyard. For Elite and Tensor lanyards simply pull back the neoprene cover to view the batch number.

Stretchers

Labels are within the lining of the stretcher just under the velcro at shoulder level with the batch number on.

Anchors / Slings

Labels are sewn on to the sling.

Label is on a wire loop ends.
